

Altoona Water Authority Customers Now Have Access to Home Repair Service Plans through HomeServe USA

Altoona, PA – January 5, 2016 – [HomeServe USA](#) (HomeServe), a leading provider of home repair service plans, announced the launch of a partnership with [Altoona Water Authority](#) (AWA) to serve as the utility's preferred service provider for home repair solutions. Starting this month, residents served by AWA will be offered optional Exterior Water Service Line repair plans through HomeServe. Additional plans that cover sewer lines and in-home plumbing will also be available for AWA customers.

Homeowners can benefit from a better way to budget the expense and manage the inconvenience of home repair emergencies with the affordable service plans available through HomeServe. AWA joins other Pennsylvania water providers offering these types of optional service plans to their customers. Many homeowners are unaware that these types of repairs are not covered by basic homeowner's insurance policies, and find themselves blindsided when faced with a home emergency.

"Repairs to a water or sewer line can cost upwards of a few thousands of dollars," said Tom Rusin, CEO of HomeServe USA. "Our optional service plans will give Altoona Water Authority customers a line of defense when faced with an unexpected home plumbing repair."

"We are pleased to partner with HomeServe to provide our customers with these optional service plans," said Mark Perry, General Manager of AWA "As the cold winter months are upon us, it's important for homeowners to have services that will protect them from the unplanned costs of emergency repairs and provide reliable contractors to complete the job."

HomeServe plan holders have access to a Repair Hotline that is accessible 24 hours a day, 365 days a year as well as local, licensed, and insured contractors to come to their home for repairs. The Exterior Water Service Line Coverage is available now for \$5.99/month. HomeServe will also offer Sewer/Septic Line coverage for \$8.99 per month and Interior Plumbing and Drainage System Coverage for \$11.99 monthly. Convenient payment options are available for the service plans from HomeServe.

AWA customers can learn more about the partnership by calling HomeServe toll-free at 1-844-613-7001 or visiting www.HomeServeUSA.com.
